FOR GIFTED LEARNING

Dear Galileo Families,

As mentioned previously, we will align with Seminole County Public Schools with regards to safety protocol. **Today**, SCPS announced that all students will be required to wear a face covering or mask this school year due to the recent increase in COVID-19 infections, unless parents choose to opt out of the requirement. **Parents can opt out** of their child wearing a mask at school by filling out this form for **each child** at Galileo: [Click here](#)

Parents only fill out the form if they want to opt out of their child wearing a mask.

This procedure is effective for 30 days, beginning Tuesday, August 10th. Please know that Galileo will continue to provide the many other layers of COVID-19 mitigation protocols that were in place last year. We want to provide your children and our staff with safe learning and working environments.

To learn more about the SCPS Mask Policy, please visit their website:
<https://www.scps.k12.fl.us/covid19/>

Thank you for your patience! We are excited about the upcoming school year and enjoyed seeing you at Meet the Teacher!
